ModelPro Golf Coaches are a group of golfing professional with a combine teaching and competitive competition experience of more than 20 years. Our mission is to provide the latest swing techniques using Sport Bio-Mechanics unique teaching method that had help more than two thousand students developed consistent golf swing and deliver champions in Amateur and Junior Competition.

MODELPRO GOLF SWING

Majority of the golfers never play the game as well as they could because they have an incorrect idea on how to develop a consistent golf swing.

Now by using the **ModelPro Golf Swing Techniques** through the knowledge of Sport Bio-Mechanics, the analysis of muscular motion for coordination and synchronization and understanding how to develop best ball flight geometry will enable you to develop a simple and consistent method to hit long, straight drives and iron shots.

ModelPro Golf Swing Benefits

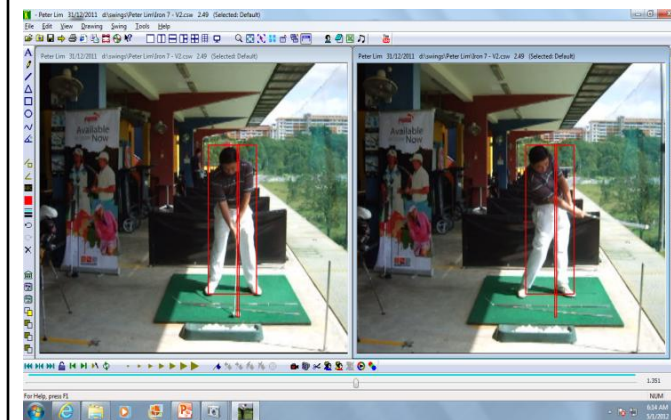

1. Proper Grip and Posture at Setup
2. Consistent Swing Plane
3. Control of muscular swing motion
4. Understand Ball Flight & Swing Mistakes
5. Develop One Swing for Irons and Driver

ModelPro Golf Swing is the Coordination and Synchronization of Shoulder-Arms-Hips motions, creating a consistent Swing Plane with the correct angle of impact at the golf ball

The **ModelPro Golf Swing Method** is the result of Scientific Research using **Sports Bio-Mechanics** to model the golf swing techniques of the World's Best 120 PGA & LPGA Professional Golfers.

VIDEO ANALYSYS

The latest Computerized Golf Swing Video analysis program help students to learn faster by analyzing their golf swing giving better understanding how respective swing position are achieve and how to correct them.

Video Analysis Advantages

- Immediate visual feedback
- Check for swing faults
- Develop swing mechanics
- Perfecting your golf swing
- Fastest way to lower handicap

Student Testimonials

"I took the Beginner to Handicap Program from Coach Peter in March 2008. In less than 3 months after I got my Handicap, I shot my First Hole-In-One in Raffles Country Club. I was also voted the Golfer of the Day @ the recent SAFRA Annual Golf Championship 2009 with the best-looking swing. Many of my golf kaki friends told me that I Swing like the Pro. I sincerely thank Coach Peter for teaching me the ModelPro Golf Swing." Thomas Tan, Shipping Manager
